

CAREER, TECHNOLOGY, AND HIGHER EDUCATION INVESTIGATIONS (CTHEI)

The CTHEI program helps 8th grade students actively investigate career options and ultimately select a pathway to explore during high school. Through business participation and commitment, we help the AISD achieve the goal that 100% of the students will graduate exceptionally prepared for college, career and citizenship.

SPEAKER INFORMATION

Information Needed in Advance

Speakers should provide a short bio and a brief description of their industry/field.

Discussion Points

Speakers should describe their career, what led them to their career choice, what education and/or training is required and why they enjoy what they do.

Presentation

Speakers may personalize their presentation as much as they'd like. Demonstrations and the use of technology is encouraged. (Please inform the teacher of any technology needed)

FAQ'S

Class Size

25-35 students
